Office of Workforce Development WORK OPPORTUNITY TAX CREDIT

Revised 08/01/2021

The [Work Opportunity Tax Credit](#) (WOTC) is one tool in a diverse toolbox of flexible strategies designed to help move people into gainful employment and obtain on-the-job experience. It joins other tax credits, education, and workforce training and development programs that help American workers with barriers to employment prepare for good jobs, ease their transition from job to job, benefit from the creation of effective regional economic development strategies and create high performance workplaces.

An employer can earn a tax credit of 25% or 40% of a new employee's first year wages, up to the cap for the target group for which the employee qualifies. Employers can earn 25% if the employee works at least 120 hours and 40% if the employee works at least 400 hours. Apply for an [e-WOTC](#) account and submit applications online within 28 days of the employee start date or mail in original documents. The original, current, ETA form 9061 and the IRS form 8850 with original signatures must be completed and mailed with a postmark date no later than 28 days after the employee start date, to:

Louisiana Workforce Commission – WOTC
P.O. Box 94094
Baton Rouge, LA 70804.

Employers are required to keep copies of application and obtain and retain proof of mailing. Electronic signatures are acceptable for either employer or employee, but not both on one application. The new employee must belong to one of the target groups listed below:

- A. Qualified IV-A (TANF) Recipient** – A member of a family that is receiving or recently received Temporary Assistance to Needy Families (TANF), or benefits under a successor program for any 9 months during the 18-month period ending on the hire date. The Louisiana Workforce Commission WOTC Unit is currently able to verify this information.
- B. Qualified Veteran** – A veteran who is a member of a family that is receiving or recently received food stamps for at least a 3-month period during the past 15 months; and "disabled veterans" who are *receiving* compensation for a service connected disability and who, during the one-year ending on the hiring date, were: a) discharged or released from active duty in the U.S Armed Forces, or b) unemployed for a period or periods totaling at least 6 months. The first-year wages taken into account for these "disabled veterans" are capped at \$12,000. A copy of the applicant's DD-214 or official discharge papers that contain the dates and proof of military service *and* compensation for a service connected disability (if applicable) is required to certify the applicant for this target group.

Qualified Veteran has five certifications with different allowable tax credits:
